

Since establishment in 1908, *fka* Children's Services (*fkaCS*) has advocated for high quality education for all Victorian children and families.

Today, *fkaCS* continues to advocate for children's cultural and linguistic rights and support education and care services in the provision of culturally rich environments that reflect a civil society.

Our vision is for all children to actively participate in quality education and care services that recognise, value and celebrate diversity.

Supporting children's cultural and linguistic rights

*fkaCS* Members play a vital role in supporting us to achieve our vision and purpose, with membership funds enabling us to:

- Advocate for children's cultural and linguistic rights
- Maintain the Multicultural Resource collection – ensuring multicultural and bilingual resources are readily available for Victorian Education and Care Services
- Design and implement new programs and resources to support all children's active participation, learning and belonging in their education and care setting

In return, you get access to a range of member benefits!
