The environment of an early childhood service communicates powerful messages to children, families, community members and colleagues from the moment they arrive.

To support the intentional use of the Multilingual Welcome Poster, fkaCS has developed the Practice Resource Sheet - a resource that offers reflective prompts and practical strategies to embed the poster meaningfully into your practice. We encourage you to engage with this resource before displaying the poster.

For digital copies the Practice Resource Sheet head to www.fka.org.au/resources/using-the-multilingual-welcome-poster/

fkaCS offers early childhood education and care services access to skilled and experienced pedagogy and practice consultants. We also offer a range of multilingual resources and professional learning opportunities for services, which are customised, according to individual needs.
